SOSME

THE AI-NATIVE BUSINESS OPERATING SYSTEM

Built for the AI Era.

One Business. One Operating System.
Intelligence Built In.

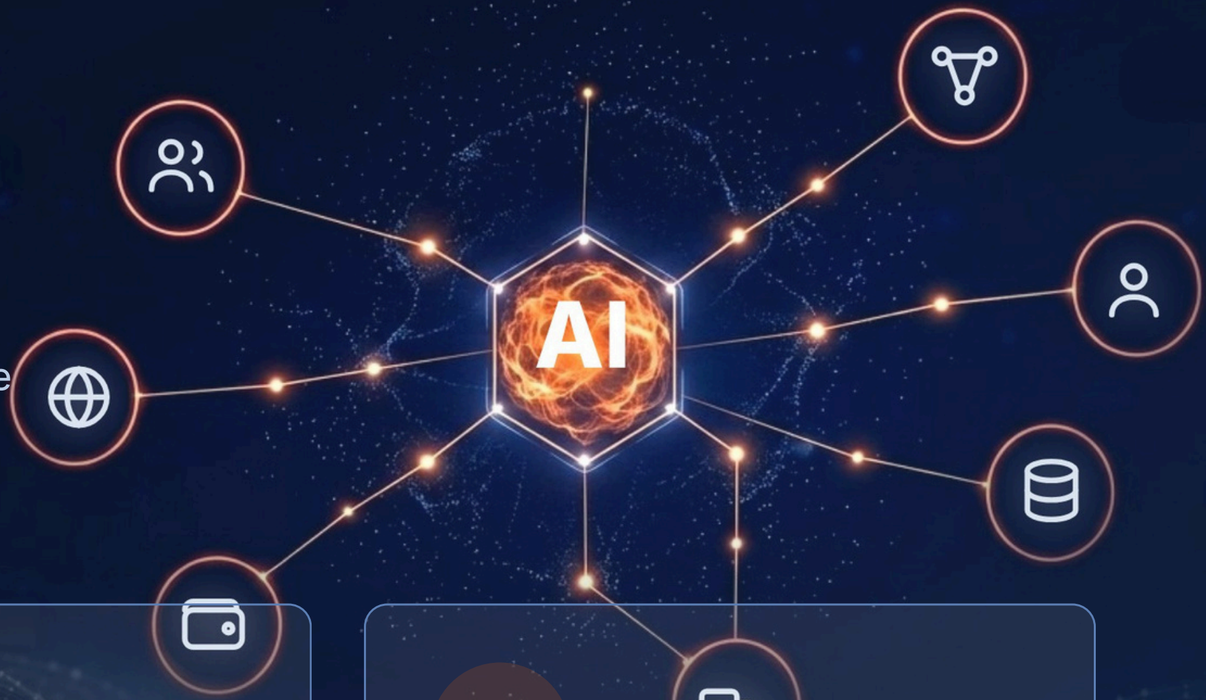

Business. Rebuilt.

Built in Saudi Arabia. Ready for the World.

AI Is Changing Software. Next, It Will Change How Businesses Operate.

The next generation of business technology will embed intelligence across information, processes, decisions and execution.

CONNECTED

One business context.

INTELLIGENT

AI built into execution.

CONTROLLED

Governance built in.

The Future Is Intelligent Business.

Today's Businesses Are Still Fragmented.

CRM | ERP | HR | Finance | POS | Projects | Documents | Spreadsheets

MORE SYSTEMS → MORE COST → MORE COMPLEXITY → LESS VISIBILITY

Silos Hold Businesses Back.
Don't Build AI on Fragmented Data

Empowering Businesses. Advancing Societies.

VISION

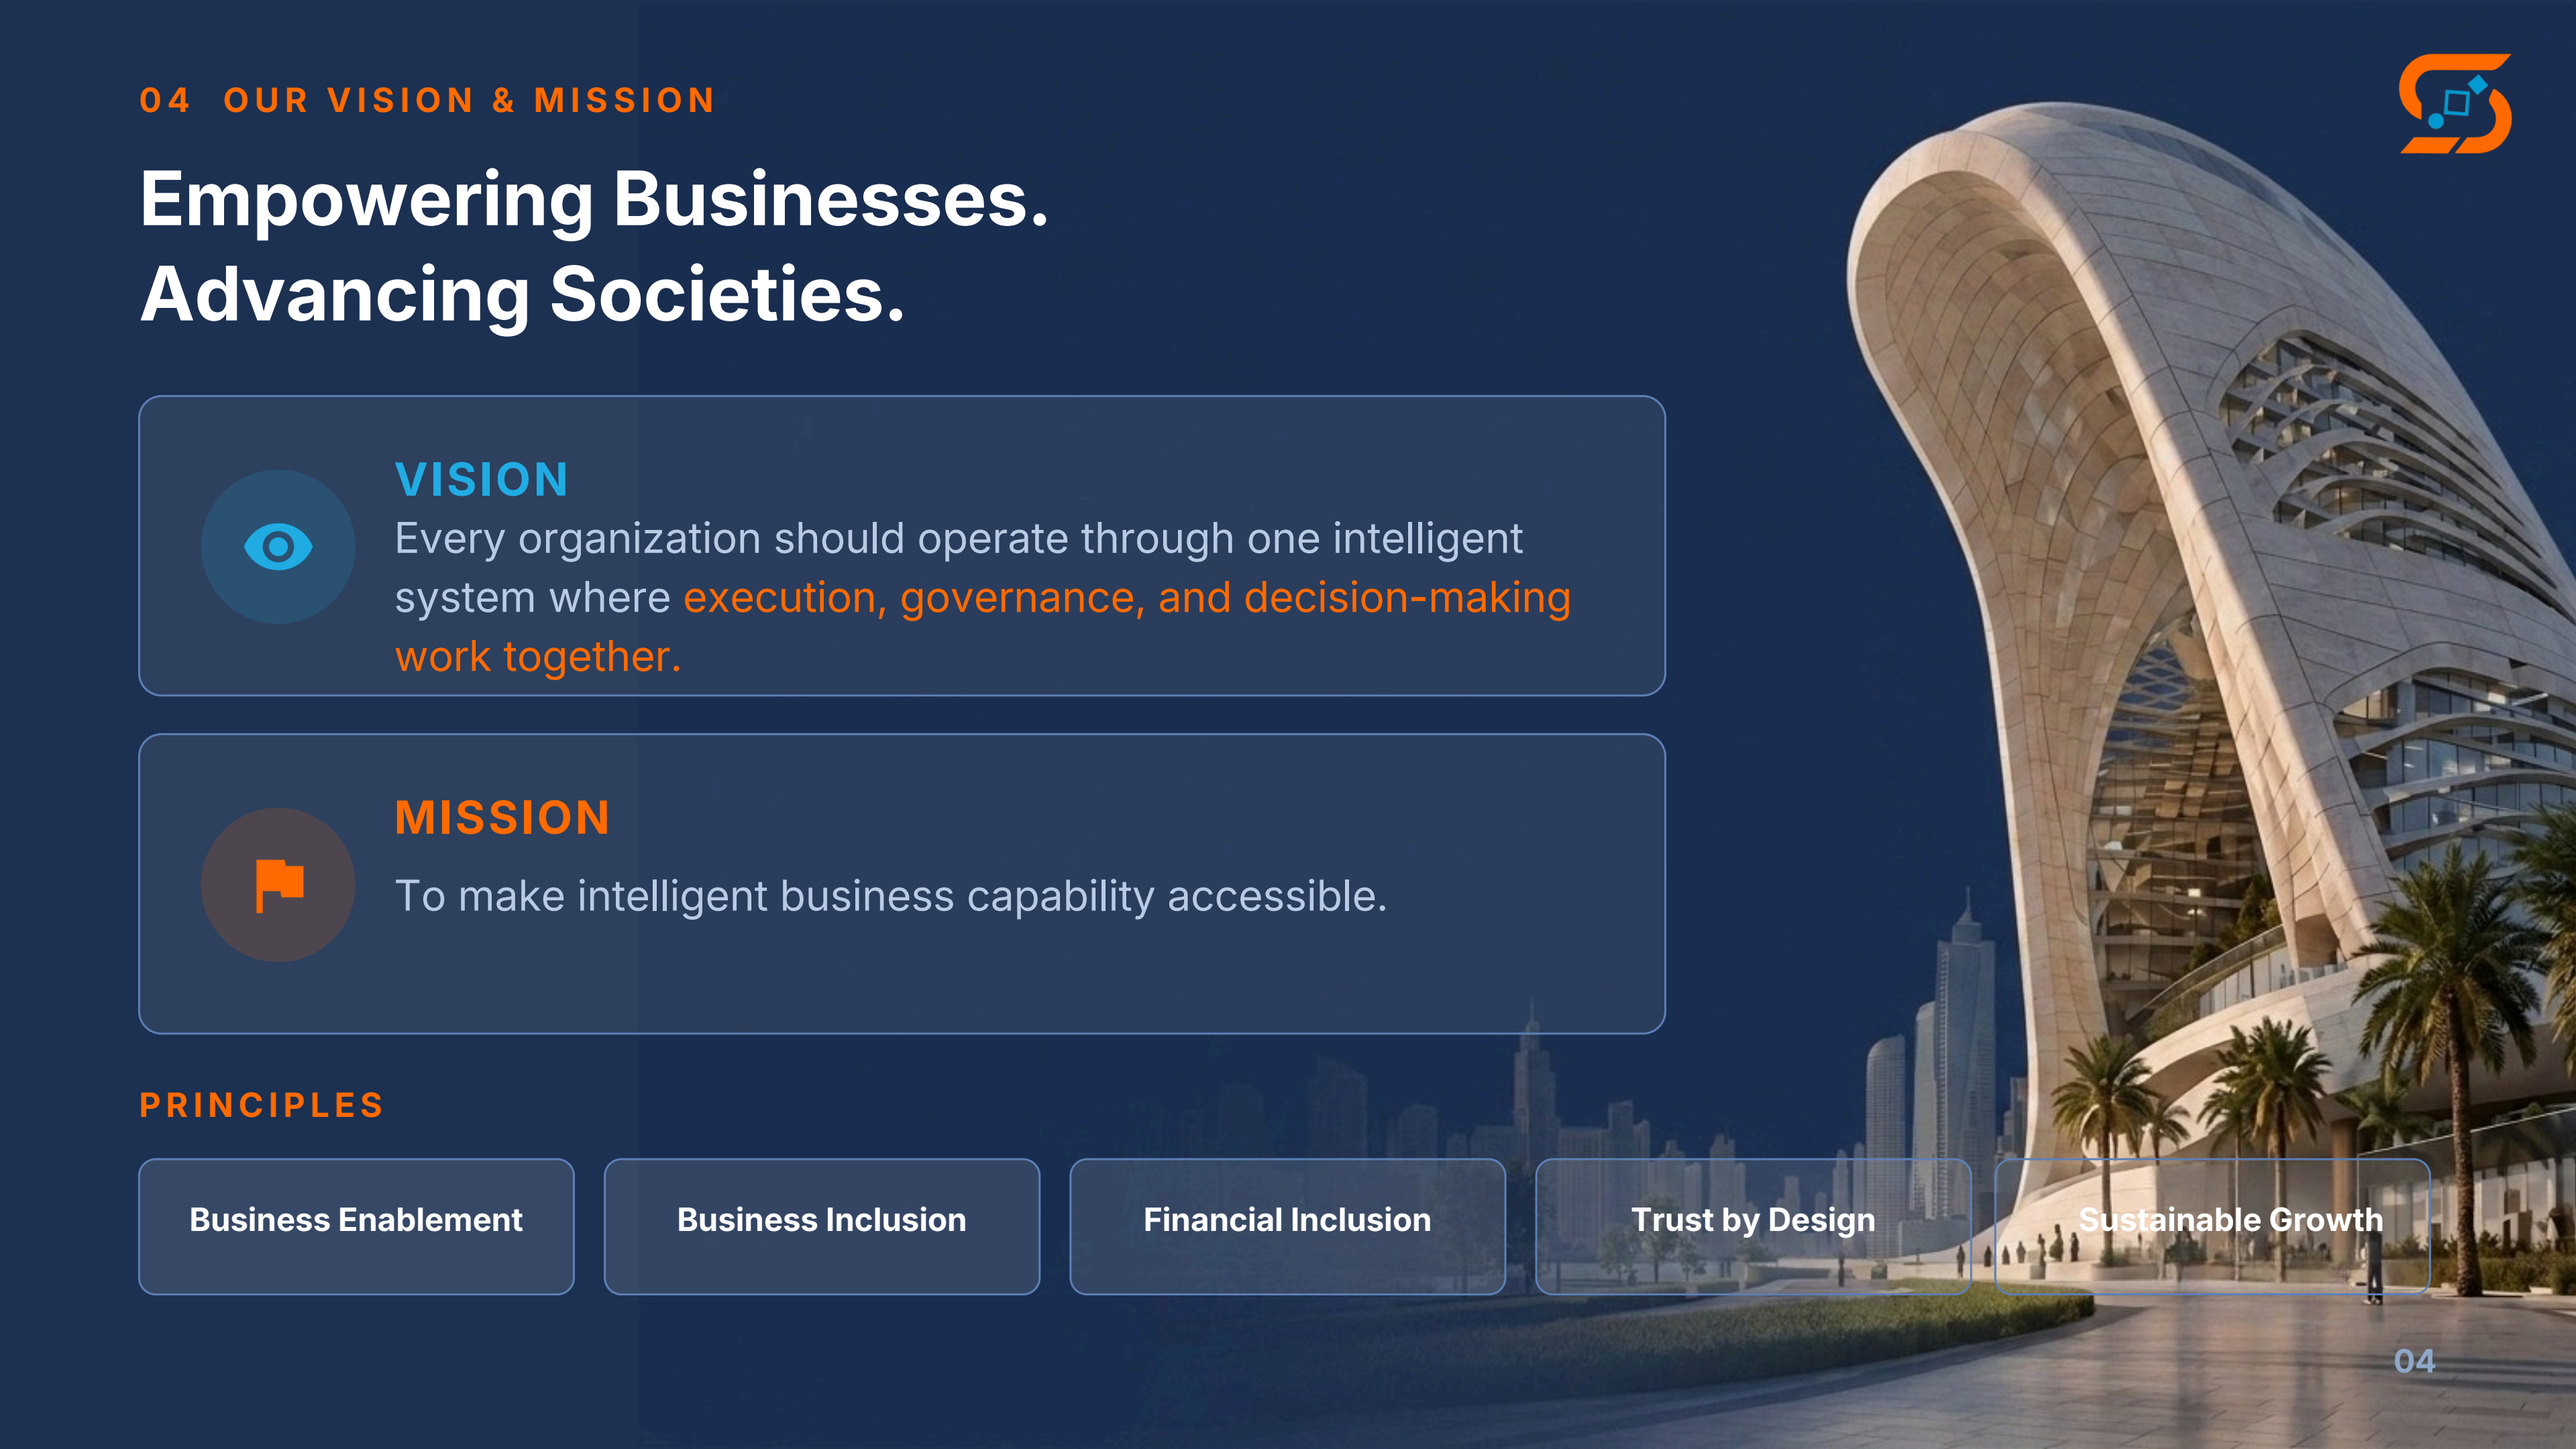

Every organization should operate through one intelligent system where execution, governance, and decision-making work together.

MISSION

To make intelligent business capability accessible.

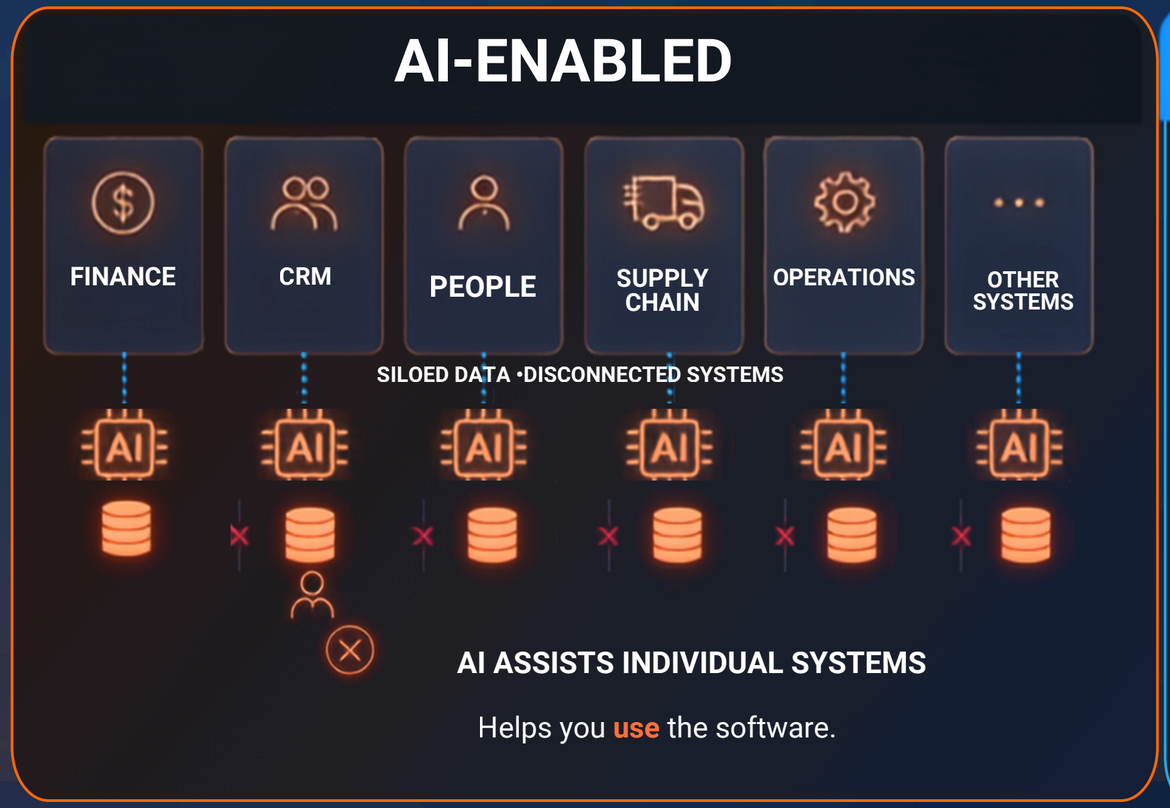

PRINCIPLES

- Business Enablement
- Business Inclusion
- Financial Inclusion
- Trust by Design
- Sustainable Growth

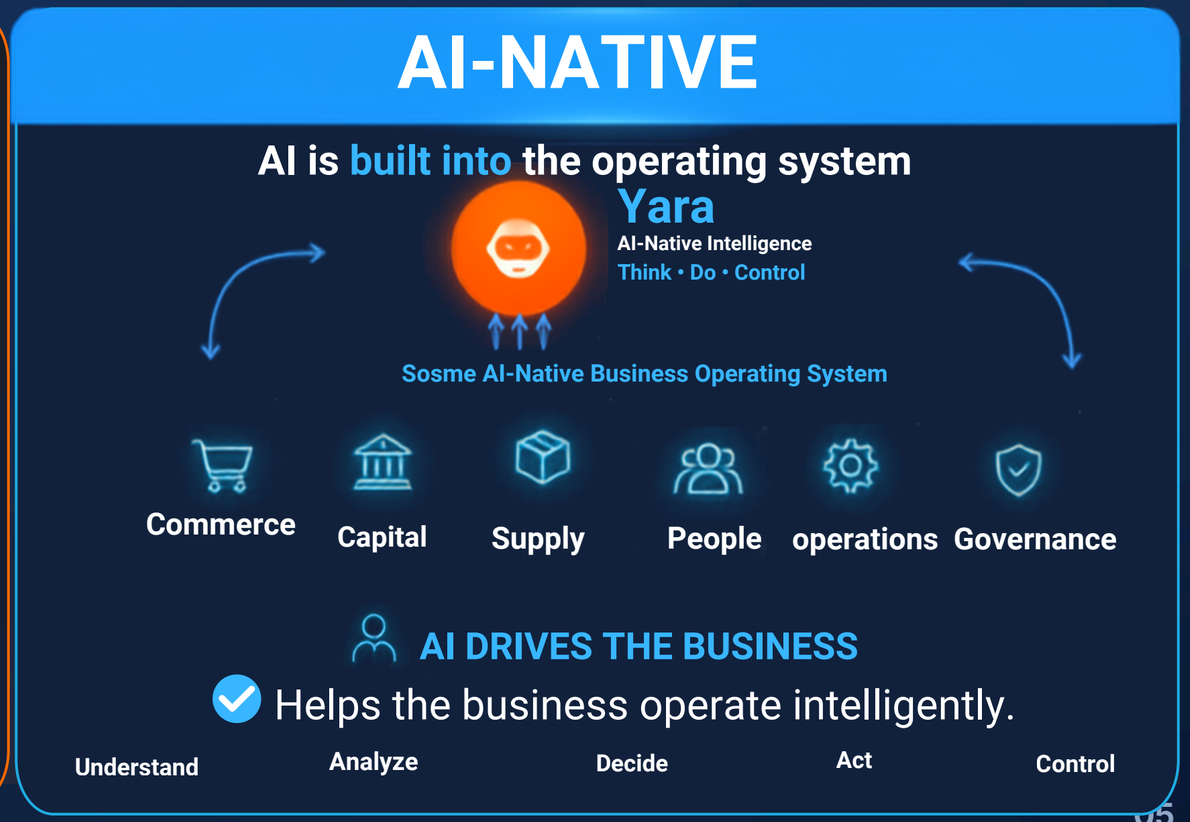

AI-Enabled Is Not AI-Native.

Adds AI to the Existing Model
Smarter Applications. Still Fragmented

AI at the Core
One Connected Business Context

AI-Native Is Not an Upgrade. It's a New Foundation.

05 THE SOSME DIFFERENCE

AI-Enabled Is Not AI-Native.

AI-ENABLED SOFTWARE

Adds AI to the Old Model

- Built on legacy architecture
- Silos with partial automation
- AI as a feature
- Limited context & insights
- Incremental impact

VS

AI-NATIVE OPERATING SYSTEM

AI at the Core

- Built for AI from the ground up
- Unified, real-time, intelligent
- AI as the foundation
- Contextual, predictive, adaptive
- Transformational impact

AI-Nativis not an upgrade. It is a new foundation.

One Business. One Operating System.

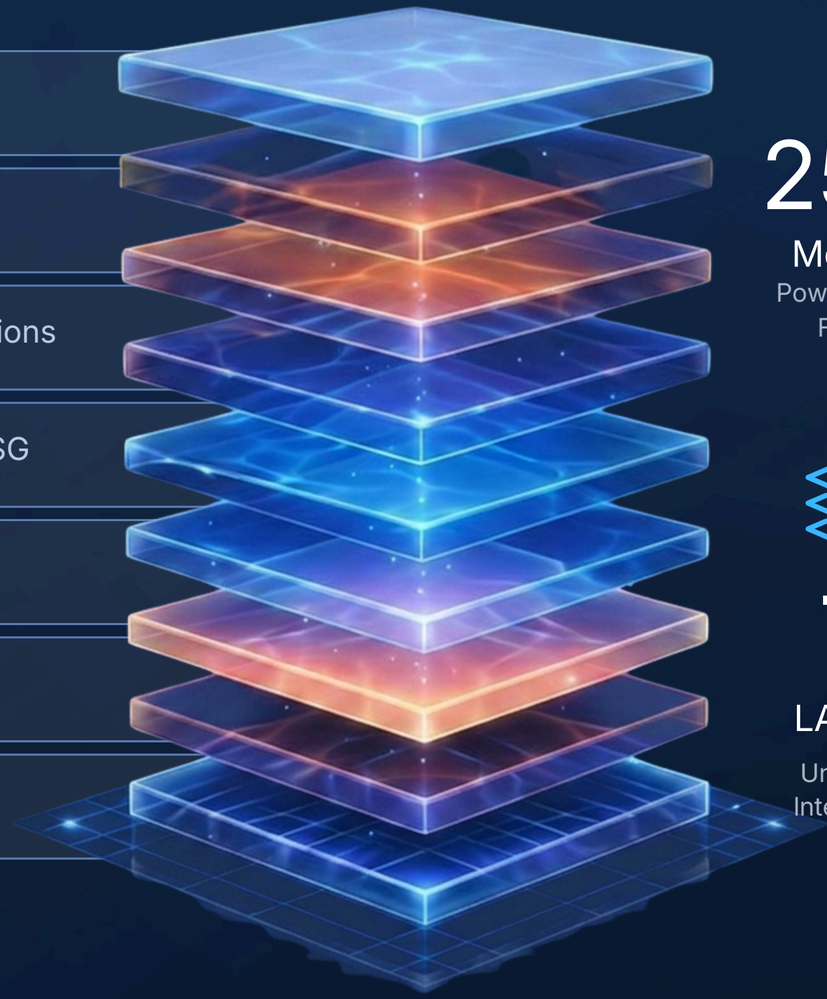

Strategy | Commerce | Capital | Supply | People | Operations | Governance

Everything Your Business Needs. Connected.

Seven Layers. One Connected Business.

01	EXPERIENCE	Command • Me
02	STRATEGY	Strategy
03	BUSINESS	Commerce • Capital • Supply • People • Operations
04	GOVERNANCE	Board • Audit & Compliance • Sustainability & ESG
05	KNOWLEDGE	Knowledge • Experience
06	TECHNOLOGY	Automation • Connect • Shield • Cloud
07	SERVICES	Services • Support
